RE: TomCo Energy: Request to retire Small Mine Operation Notice S/047/0118

Dear April,

As we discussed on the phone yesterday, enclosed is a form MR-SITE to allow DOGM to process the retirement of Notice of Intention to Commence Small Mining Operations (SMO) S/047/0118. Note that a bond was never posted for this SMO, however, the agency may need this form to complete the process. As noted in the first request for this SMO retirement, dated August 7, 2015, the SMO disturbance area is located entirely within the boundaries of TomCo's preliminarily approved Large Mining Operation (LMO).

Please let me know if any further information is needed to process the SMO. Also, please send electronic or written correspondence regarding these two tasks to both Paul Rankine ([paul@tomcoenergy.uk.com](mailto:paul@tomcoenergy.uk.com)) and Miikka Haromo ([miikka@tomcoenergy.uk.com](mailto:miikka@tomcoenergy.uk.com)). TomCo's mailing address remains:
